## PERSONAL CARE WORKER/ HOMEMAKER

EMPLOYEE NAME: \_\_\_\_\_ DATE: \_\_\_\_\_

Skills validation test / score: \_\_\_\_\_

1. Non- skilled care is limited to:
  - A. A safe environment
  - B. A healthy environment
  - C. Following infection control
  - D. All of the above
2. Personal care worker agencies may decline to perform any specific task if worker feels uncomfortable about the safety of the consumers. True or false
3. Workers shall accompany the consumers to medical appointments.  
True or false
4. Workers shall not provide financial management.  
True or false
5. Non skilled dressing requires the worker to assist with the following :
  - A. Assistance with ordinary clothing
  - B. Application of support stocking non prescription
  - C. Application of orthopedic devices
  - D. All of the above.
6. Assistance with exercise is non-skilled when the exercise is not prescribed by a nurse or other health care professional. True or false
7. Non –skilled hair care includes:
  - A. No skilled skin care
  - B. Dry, comb, and style hair
  - C. Shampoo and condition hair
  - D. All of the above
8. Non skilled feeding includes which of the following : (circle all that apply)
  - A. Assistance with eating by mouth
  - B. Oral suctioning
  - C. Feeding thru tube in stomach
  - D. Assisting consumers with meals
9. Non skilled transfer is when the consumers are fully trained with the adaptive equipment, requiring no skills.  
True or false
10. Bathing is non-skilled when:
  - A. Skin care is non-skilled
  - B. Dressing is non-skilled
  - C. Transfer of consumers is non-skilled
  - D. All of above
11. Non skilled care must be preventative rather than therapeutic. True or false

12. Non skilled skin care includes which of the following:
- A. Rubbing of reddened area
  - B. Application of lotion as a preventative measure to unbroken skin
  - C. Apply dressing to open wound
  - D. Apply band –aid to cut on finger
13. Non-skilled bladder care includes all except:
- A. Helping a consumers with an unsteady gait to and from the bathroom
  - B. Assistance with bedpan, urinal or commodes
  - C. Changing Foley catheter systems
  - D. Changing of clothes and urinary pads
14. Workers may empty ostomy bags and do skin care at the site. True or false
15. Positioning is considered non skilled only when the consumers is able to turn themselves. True or false
16. A worker is allowed to administer a breathing treatment due to respiratory difficulty.  
True or false
17. When a consumer is able to balance themselves the transfers is considered non- skilled. True or false
18. A shave is considered non skilled when it is given with doctor prescribed medicated shaving cream.  
True or false
19. Adaptive equipment includes:
- a. Gait belt
  - B. Wheelchair
  - C. Tub seat
  - D. Grab bars
  - E. Walker/cane
  - F. All of the above
20. A worker may provide nail care for a diabetic consumer. True or false
21. a worker may do nail care for a non-diabetic consumer that includes (circle all that apply):
- A. Soaking of the nails in warm water
  - B. Trimming of nails
  - C. Filing of nails
22. Checking off of a task is considered a non-skilled documentation. True or false
23. Medication reminding consists of reminding a consumer to take medication. True or false
24. Worker may take medications of the container and administer to consumer. True or false
25. Worker should report to the supervisor when the following occurs:
- A. Medications are taken too often by the consumer.
  - B. Medications are not taken at correct times
  - C. New over the counter medications are being taken more often than direction allow
  - D. Toss out after expiration date
  - E. All of the above

26. It is okay to ask your consumer for gas money for errands. True or false
27. You may refuse to purchase alcoholic beverages for the consumers. True or false
28. If a consumer purchases milk once a month, how often should it be checked for spoilage
- A. Once every three days
  - B. Once a day
  - C. Once a month
  - D. Toss out after expiration date
  - E. All the above
29. When doing meal preparation for a consumer you should:
- A. Go to the bathroom
  - B. Make sure you cough or sneeze prior to starting
  - C. Make sure the house is clean
  - D. Wash your hands toughly
30. Never wash fruits or vegetables prior to preparation. True or false
31. Unpackaged or open foods should be stored at room temperature.  
True or false
32. Cross –contamination can be hazardous to your health. True or false
33. The following foods can be served raw with proper preparation (circle all that apply):
- A. Fish
  - B. Chicken
  - C. Pork chop
  - D. Apple
  - E. Potato
34. Vacuuming should be done prior to dusting. True or false
35. When cleaning a bathroom, you should use the same towels to clean the other rooms to save laundry.  
True or false
36. It is reasonable to mop floors in the kitchen/bathroom using the same soapy water. True or false
37. Laundry tasks consist of the following:
- A. Washing
  - B. Drying
  - C. Folding clothes
  - D. Putting away clothes
  - E. All of the above
38. When shopping for a consumer you must: ( circle all that apply)
- A. Obtain a list
  - B. Buy more than enough to last for the consumers
  - C. Buy yourself something
  - D. Provide a receipt for the purchase
  - E. Keep the change

39. Cleaning behind consumers pets are part of homemaking. True or false
40. Purchasing cleaning supplies are the responsibility of the worker. True or false
41. If you find a consumer that does not respond to speech or soft touch call 911.  
True or false
42. When assisting consumers with oral care you should: (circle all that apply)
- A. Give them a cup of hot water
  - B. Put toothpaste on the toothbrush
  - C. Get fresh toilet water to rinse with
  - D. Watch closely for choking
43. Prior to leaving a consumer home, make sure they are in a safe environment.  
True or False
44. What should you do if any type of abuse is suspected:
- A. Call the police
  - B. Call the family
  - C. Call the neighbor
  - D. Call your supervisor
45. Always wear gloves when cleaning a toilet. True or false

## DISASTER & EMERGENCY PROCEDURES

1. Leaving your door unlocked on your vehicle is safe.  
True or False
2. When you receive a bomb threat, you should remain calm and attempt to obtain as much information as possible from the caller and call 911.  
True or False
3. Someone verbally threatening you is considered a violation of the law.  
True or False
4. If you are on fire, it is best to:
  - a. get in the shower
  - b. put yourself out with a fire extinguisher
  - c. drop to the ground and roll
  - d. run and get help
5. Situation #1: You are at a client's home preparing a meal on an electric stove. All of a sudden, you see a small flame coming from one of the burners. What should you do?
  - a. remove the pot and throw water on the flame
  - b. remove the pot and pour salt on the flame
  - c. call 911 and evaluate the client's home
  - d. run from the kitchen screaming, "Fire, fire!"
6. Situation #2: You are at a client's home and hear the warning sirens for a tornado going off. What should you do?
  - a. go look outside and see if you see a tornado in the sky
  - b. take the client to the safest area of their home (the inside wall farthest away from doors and windows)
  - c. call 911 and ask what is going on
  - d. call the office and ask what you are supposed to do
7. Situation #3: You are on your way to the basement of a client's home to do some laundry. Prior to reaching the bottom of the stairs, you smell a strong odor that takes your breath away. What should you do?
  - a. call 911 and assist the client out of the home

- b. go back up stairs and get a wet cloth and cover your face and the client's face, waiting until their son comes home
  - c. call 911 and report what happened, and then go back downstairs to inspect the basement
  - d. call the office and ask for instruction
8. Situation #4: You and a client are out at the store, when a man approaches and snatches the client's purse. What should you do?
- a. run after him
  - b. observe as much information as you can about the man and call 911
  - c. scream, jump up and down, and call 911
  - d. tell another man standing close by to run after him
9. Situation #5: You are at a client's home and the fire alarm starts to sound in the hallway. Smoke is coming under the door. What should you NOT do?
- a. stay inside and remain calm
  - b. feel the door leading to the hallway for heat and place a wet towel along the top and bottom to prevent smoke from coming in
  - c. open the window and hang something outside to alert the fire department that you are in that apartment
  - d. open the door of the apartment to see what's going on
10. Situation #6: You are in the basement of a building doing a client's laundry, and you notice a Flammable Sign on the door next to the laundry room. You smell something burning. What should you do?
- a. pull the fire alarm and take the stairs to the main level to exit
  - b. take the elevator to the main floor to find the nearest exit
  - c. run and scream that there is a fire downstairs, get in your car, and leave
  - d. call the office and ask what to do

## **NON-SKILLED VALIDATION TEST**

1. Non-skilled care is limited to:
  - a. A safe environment
  - b. A healthy environment
  - c. Following infection control
  - d. All of the above.
  
2. Personal Care Worker Agencies may decline to perform any specific task if Worker feels uncomfortable about the safety of the client.  
True or False
  
3. Workers shall accompany the client to medical appointments.  
True or False
  
4. Workers shall not provide financial management.  
True or False
  
5. Non-skilled dressing requires the Worker to assist with the following:
  - a. Assistance with ordinary clothing
  - b. Application of support stockings – non-prescription
  - c. Application of orthopedic device with client’s knowledge of their device
  - d. All of the above
  
6. Assistance with exercise is non-skilled when the exercise is not prescribed by a nurse or other healthcare professional.  
True or False
  
7. Non-skilled hair care includes
  - a. Skin care which is not by prescription or in need of report to Dr. or Nurse.
  - b. Drying, combing and styling of the hair
  - c. Shampooing and conditioning of hair
  - d. All of the above
  
8. Non-skilled feeding includes which of the following (mark all that apply).
  - a. Assistance with eating by mouth
  - b. Oral suctioning
  - c. Tube feeding through stomach
  - d. Meal preparation
  - e. Assisting client
  
9. Non-skilled transfer can be done if the client is fully trained with the adaptive equipment and it is not requiring skilled needs.  
True or False
  
10. Bathing is non-skilled when

- a. Non-skilled skin care is provided
  - b. No skilled dressing changes are required
  - c. No skilled transfer is required
  - d. All of the above.
11. Non-skilled care must be preventive rather than therapeutic  
True or False
12. Non-skilled skin care includes which of the following
- a. Rubbing of reddened area
  - b. Application of lotion as a preventive measure to unbroken skin
  - c. Applying dressing to an open wound
  - d. Applying a Band-Aid to a cut on finger.
13. Non-skilled bladder care includes (mark all that apply)
- a. Helping a client with an unsteady gait to and from the bathroom
  - b. Assistance with bedpans, urinals, and commodes
  - c. Changing Foley systems
  - d. Changing of clothes and urinary pads
14. Workers may empty ostomy bags and do skin care at site.  
True or False
15. Positioning is non-skilled only when client is able to turn themselves.  
True or False
16. Worker may not administer a breathing treatment due to respiratory difficulty.  
True or False
17. A non-skilled shave is when the doctor has prescribed a medicated shaving cream.  
True or False
18. An unskilled transfer is when the client is able to balance themselves.  
True or False
19. Adaptive Equipment includes
- a. Gait belt
  - b. Wheelchair
  - c. Tub seat
  - d. Grab bars
  - e. Walker/cane
  - f. All of the above
20. A Worker may provide nail care for a diabetic client  
True or False

21. Non-skilled documentation is checking off task list.  
True or False
22. Medication reminding means only reminding a client to take their medication.  
True or False
23. Workers may take medications out of the container and give it to the Client.  
True or False
24. Workers should report which of the following to their supervisor
- a. Medications that are being taken too often by the client
